

BIGSHOT Maxim

ORGANIC PEST CONTROL SOLUTION

BIGSHOT Maxim is a high-quality, organically grown botanical mosquito and agricultural pest control solution. Its organically grown ingredients have been formulated using EPA-recognized FIFRA (GRAS) “generally recognized as safe” active and inert ingredients. BIGSHOT Maxim has been successfully applied to a variety of crops. Its patented organic essential oil multi-process encapsulation technique offers protection comparable to less human-safe chemicals, which significantly advances safe and effective pest control solutions.

Elevate Ag is making a positive impact in the world of agriculture. With innovative ideas and cutting-edge technology, we are revolutionizing how food is grown and helping farmers increase their yields and profits. We offer products that ensure a more vibrant, productive, and sustainable future for farmers and their communities.

Bigshot

ORGANIC PEST CONTROL SOLUTION

Bigshot is a high quality organically grown botanical mosquito and agricultural pest control solution that works. Provides residuals greater than 21 - 30 days even throughout rainy cycles.

Benefits:

- Effective Mosquito Control (adulticide and knock down)
- Effective against mosquito larvae and pupa (no need for multiple chemicals)
- Effective against caterpillars and moths, beetles, mites and worms, flies and related insects, and other agricultural pests
- Bee and butterfly-friendly (saves beneficial pollinators)
- 21 to 30 days or more residual, even with rain events
